# 2024 BIENNIAL CONFERENCE

## Sponsorship Opportunities

### ADVOCATING FOR WORKING WOMEN SINCE 1919!

The National Federation of Business and Professional Women's Clubs (NFBPWC) has a history and shared commitment to advocating for and allying with working women for over 100 years. We are a 501(c)(3) nonprofit organization focused on positive change in our communities and bringing people together to solve problems.

- We represent women in the workplace -- in enterprise and community, through networking, mentoring, skill-building, policy focus, and economic empowerment programs & projects.
- We are a national network of business and professional women with a global affiliation to the International Federation of Business and Professional Women (BPW International) which has members in over 100 countries across five continents. As part of BPW International, we hold a consultative role on various United Nations issues that affect women around the world, and attend, at a UN Delegate level, the yearly session of the UN Commission on the Status of Women (CSW).
- We passionately believe that we must be part of creating a world where professional women, as individuals and within organizations, not only grow; they thrive.
